Thanks very much. No, we do not have a set date for signature, this rule is not tied to a court ordered deadline or regulatory deadline, however, it is our plan to move it along in a similar timeframe as the national oil and gas rules and have it signed final no later than August 2016.

Thank you Dee, I appreciate the update. I used 3/7 as the date for the package to arrive at OAR but we can change that as package moves through the process. Do you have a set date on when the package needs to be signed?

Hi there,

Sorry, I think there was some miscommunication yesterday in the brief hallway conversation between Eric and I. We are planning on beginning routing the package next week through the EPA concurrence process. I would anticipate the package getting to OAR in the next couple of weeks. The May 1st date was my estimate for when the package should be to OMB. Let me know if you have any questions.

Thanks,

Dee

Hi Carissa,

Region 8 now anticipates sending this package to OAR on May 1st due to OMB review. We'll work with OP to get the dates updated in ADP Tracker.

Eric

Subject: updated date for FIP?

Dee,

Do you have any updates regarding the signature date now that the FIP is going to OMB?
 Thanks.
